SUBJECT: Guatemala Prints Documents on Alleged Plot for Use at Caracas Conference

Two American correspondents currently in Guatemala have reported that the Guatemalan Government has printed for distribution to delegates at the Caracas Conference copies of the January 29 Government White Paper and accompanying photostats which purported to prove the existence of an "international plot" to overthrow the Arbenz Government with the backing of the President of Nicaragua and the acquiescence of the "government of the North." One of the correspondents said he had confirmed this report from a Government source.
